

**SAFETY**

**STAND OUT  
FROM THE CROWD**

### Our Mission

“The iSMITA is providing modern e-learning to modern people in a modern way”.

This modern approach to vocational skills training is breaking new ground, where anyone with an IT based device can access the highest quality of knowledge at an affordable price, to start or further develop their careers.

**THE NEXT GENERATION IN PROFESSIONAL  
SECURITY E-LEARNING**

### HTML 5 READY

The iSMITA Learning Management System (LMS) user interface provides an engaging and effective learning experience regardless of whether content is being accessed on traditional computers or tablets.

### STOP & START

Our system intuitively remembers the specific location and last session when you log off, so you never have to search for your last lesson when you login.

### ACCESSIBILITY

You can learn on the move, with or without internet access and enjoy learning media to suit your individual learning style or lifestyle.

### MODERN E-LEARNING

The modern e-learning courses have been designed for today's modern world and created by modern forward-thinking professionals.

### DOWNLOADABLE PODCASTS

To aid in your learning and utilise your time effectively, every Course and Unit has its own Podcast so, even if you don't have access to a PC or Tablet, you can use your Smartphone to listen to the taught content.

### DOWNLOADABLE FACTSHEETS

All of our taught content can be printed to form a reference working portfolio.

# INTRODUCTION

A message from the Head of the Academy

*"I'd like to welcome you to the Academy and the start of an exciting journey in modern security education and qualification.*

*This will be a journey that you control – you can study when you like and where you like. You are free to mix and match courses from the available pool, in any order you wish, to gain Awards and, ultimately, if you so wish, a Level 5 Diploma recognised by industry and academia.*

*Courses have been written for you by international practitioners – acknowledged experts in their fields. They will present you with challenging and modern content to assimilate and interpret for the duration of your course.*

*At the iSMITA we are all highly committed to promoting security as a profession, to its credibility and its development in the modern world. As iSMITA students, you are the future of security. Make your studies count.*

*I spoke earlier of a journey – a learning journey - during which the iSMITA Team will support you in your studies. Ask questions. Be bold. Enjoy the journey.*

*It just remains for me to wish you an enjoyable course – I look forward to seeing your progress."*

Anthony Maher MSyl, MInstLM  
Head of the Academy

# WHAT WE DO

## MODERN DELIVERY

Our robust Learning Management System (LMS) combines e-learning, podcasts, pdf factsheets and discussion forums delivered across PC, tablet and mobile smart phone platforms. We are utilising these cutting-edge delivery methods.

## MODERN CONTENT

Our modern course content challenges traditional theories and bridges the knowledge gap found in many other courses because our content is based on good practice and working-world know-how.

Each course consists of factual units that teach you the subject matter as well as encouraging you to undertake more detailed research into the information provided.

## MODERN PEOPLE

Our international team of Subject Matter Experts (SMEs) are all highly respected within their chosen fields and bring vast real-world experience to the modern business world. This ensures our courses are knowledge-based, up-to-date and relevant.

## MODERN ACCESS

It is all about you. Our online security training courses have been designed to teach the subject matter in ways that meet your lifestyle, 24/7.

The courses have been planned with access in mind and our e-learning has been designed for study on the move from any location.

## MODERN PAYMENT METHODS

Continuing Professional Development at Level 5 can be expensive. If you are serious about your professional development, join the Academy and study for as little as £98 a month.

Alternatively, iSMTA Level 5 courses can be purchased for an all-in fee and, for your convenience, iSMTA can accept the following; Visa, Mastercard or PayPal, through secure sage | pay payment stream.

## MODERN COURSES

We understand that the world is ever-changing. iSMTA courses are modern in outlook and content; they offer contemporary thought-leadership and fresh solutions based on the personal experience of the contributing SMEs.

We offer courses at Level 3 (Basic Competency) and Level 5 (Higher Education). The higher level courses can be taken as stand-alone Awards, or combined to gain a Level 5 Diploma. Students working towards a Diploma can mix and match Award courses as they wish to accrue the required study hours.

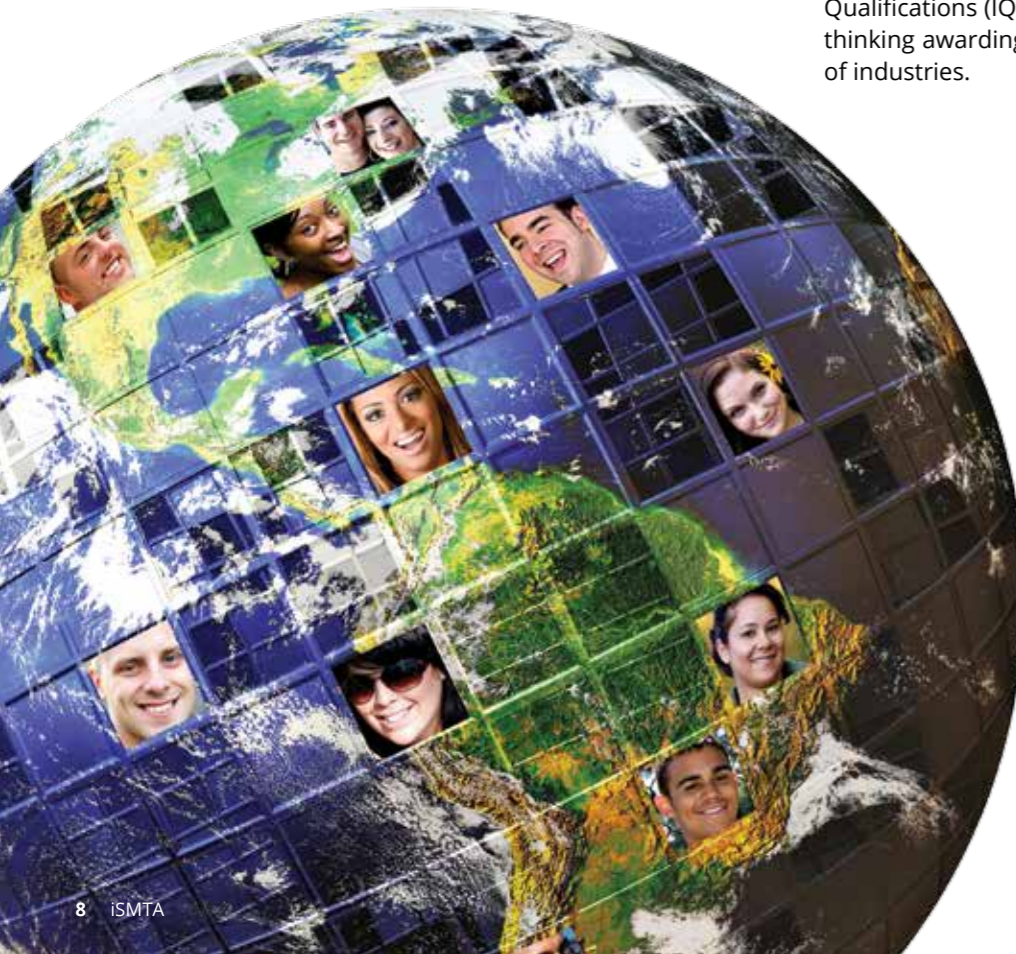

# HOW WE DO IT

By unifying our professional Learning Management System and pathways to learning, coupled with the fact that all our training courses are written by SMEs who have been, or are, leaders on the subject within modern Businesses. You can be assured that your educational needs are in good hands.

Our accreditation speaks for itself:

## QUALIFICATION APPROVAL

The iSMTA has been an Approved Centre for Industry Qualifications (IQ) since 2012. IQ is a modern, forward-thinking awarding body that certifies across a number of industries.

# WHO IT IS FOR

**EDUCATION  
FOR  
ANYONE  
ANYWHERE**

Our aspiration is inclusive not exclusive, with certified training courses that are attractive to students of all ages and in particular:

✓ College graduates who see the attraction of our training courses as a career starter

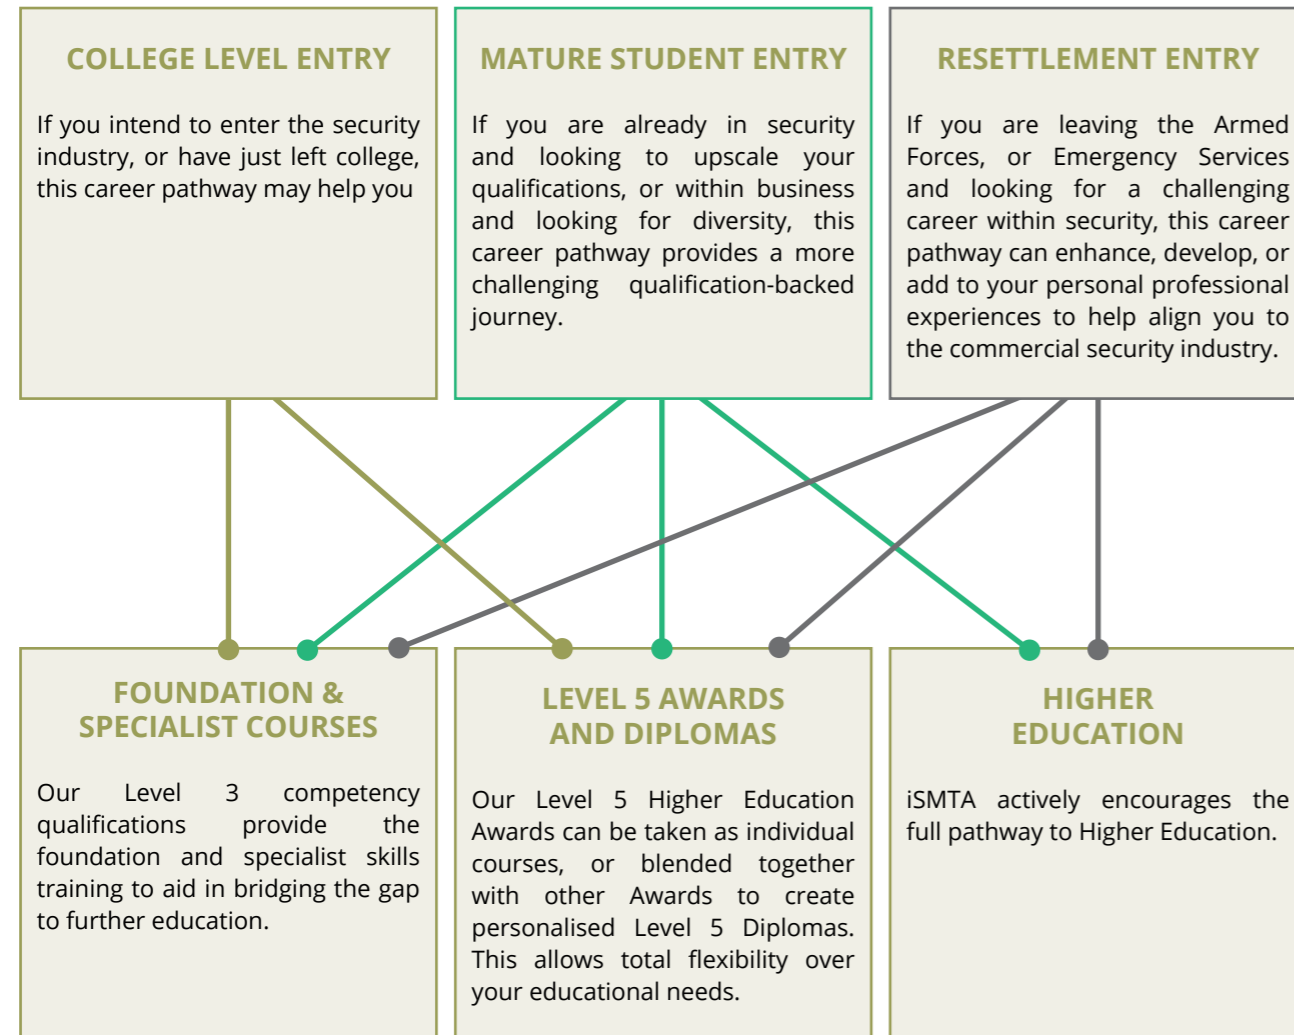

✓ Members of the Armed Services who can develop existing skills into a civilian career

✓ Existing professionals looking towards Continuing Professional Development

✓ Anyone looking for an exciting career change

# CAREER PATHWAY

Our aim is to provide certified education training courses for a 'college to retirement' career pathway. iSMTA is providing a new Foundation in Security Management at Level 3 and an unprecedented range of Modern Professional Security Courses at Level 5 – both Awards and Diplomas. Students will be encouraged to develop even further with our alignment to leading Higher Education establishments! Career pathways that can be followed are:
